

Ivan Franko National University of Lviv  
Institute of Ecology of the Carpathians of National Academy of Sciences of Ukraine  
Shatskyi National Nature Park  
State Museum of Natural History (Lviv)

We invite you to participate in the  
Ukrainian Scientific Conference  
“**STATUS AND BIODIVERSITY OF ECOSYSTEMS OF  
SHATSKYI NATIONAL NATURE PARK AND OTHER  
PROTECTED AREAS**”

dedicated to the 100 birthday anniversary of  
Kost Tatarynov

**9-12 September 2021**

Scientists, lecturers, PhD students and students who work in different branches of biology are welcome to participate in the Conference.  
Presentation types:

- 1) **oral report;**
- 2) **poster presentation.**

The official languages of the conference are **Ukrainian** and **English**.

Materials of the Conference will be published as a Book of Abstracts, which also will be published in electronic form on the site of the Faculty of Biology of Ivan Franko National University of Lviv.

Plenary section of the Conference will be held at Ivan Franko National University of Lviv; rest of the sections will be held on the territory of Shatsk Bio-geographical station (Volyn region, Shatsk district, Hayivka village, north side of PISOCHNE Lake).

Conference participants will be accommodated in the station rooms and will be provided with three meals a day, the cost of which will be appropriate to the food prices in September 2021.

For participation in the Conference **until July 31, 2021** it is necessary:

- 1) fill in the Google-application form: (link: <https://docs.google.com/forms/d/1DrnTj-hraiUaYgikpykY5ntHpgfK5KQ1-18L78aTcPQ/edit> );
- 2) send abstracts (*see requirements below*) on e-mail [Shack.Konf@gmail.com](mailto:Shack.Konf@gmail.com);
- 3) pay the organization fee (*see below*).

### *Organizing Committee*

*Chairman* **Roman Gladyshevskii**, Corresponding Member of National Academy of Sciences of Ukraine, Doctor of Chemistry, Professor, Vice-rector for Science of Ivan Franko National University of Lviv;

*Vice-chairmen*

**Yosyf Tsaryk**, Doctor of Biology, Professor, Head of the Dep. of Zoology of Ivan Franko National University of Lviv;

**Ihor Khamar**, PhD, Associate Professor, Dep. of Zoology, Dean of the Faculty of Biology of Ivan Franko National University of Lviv;

**Mariia Khrystetska**, Director of Shatskyi National Nature Park;

**Ivan Danylyk**, Director of Institute of Ecology of the Carpathians of National Academy of Sciences of Ukraine;

**Taras Yanytskyi**, Director of State Museum of Natural History (Lviv).

*Executive secretaries*

**Ihor Dykyy**, PhD, Associate Professor, Dep. of Zoology of Ivan Franko National University of Lviv, тел. (032) 239-42-85.

**Kateryna Nazaruk**, PhD, Associate Professor, Dep. of Zoology of Ivan Franko National University of Lviv.

*Secretaries*

**Iryna Skyrpan**, Assistant, Dep. of Zoology of Ivan Franko National University of Lviv, phone: +380 67-344-18-70;

**Iryna Koltun**, Assistant, Dep. of Zoology of Ivan Franko National University of Lviv, phone: +380 93-54-54-201.

*Members of organizing committee*

**Oleh Ivanets**, PhD, Associate Professor, Dep. of Zoology of Ivan Franko National University of Lviv;

**Ihor Shydlovskyy**, PhD, Associate Professor, Dep. of Zoology of Ivan Franko National University of Lviv;

**Ostap Reshetylo**, PhD, Associate Professor, Dep. of Zoology of Ivan Franko National University of Lviv;

**Oksana Hnatyna**, PhD, Assistant, Dep. of Zoology of Ivan Franko National University of Lviv;

**Volodymyr Liesnik**, Assistant, Dep. of Zoology of Ivan Franko National University of Lviv;

**Vasyl Mateichyk**, Vice-director for Science of Shatskyi National Nature Park.

**Bohdan Andriyishyn**, PhD Student, Dep. of Zoology of Ivan Franko National University of Lviv;

**Ivan Zahorodnyi**, PhD Student, Dep. of Zoology of Ivan Franko National University of Lviv;

**Mariia Martsiv**, PhD Student, Dep. of Zoology of Ivan Franko National University of Lviv;

**Yurii Chayka**, PhD Student, Dep. of Zoology of Ivan Franko National University of Lviv;

**Nataliia Balandiukh**, PhD Student, Dep. of Zoology of Ivan Franko National University of Lviv;

**Kateryna Lesiv**, PhD Student, Dep. of Zoology of Ivan Franko National University of Lviv;

**Vadym Zhulenko**, PhD Student, Dep. of Zoology of Ivan Franko National University of Lviv.

### Abstract requirements

- Abstracts should be represented (submitted) in Ukrainian or English;
- Abstract size is from 1 to 5 pages A4 format;
- Type size – 12;
- Font – Times New Roman;
- Space – 1,5;
- Margins: upper, left and lower – 2,5, right – 1 cm;
- Paragraph – 1,25;
- Justify text;
- Do **NOT USE CHANGE** of register, fonts, text formatting, hyphenation of words and non-breaking space;
- Figures, diagrams and tables should be in black and white contrast fill. In addition, you must save them as separate files. Pictures are accepted only in JPG or PNG format. Type size for figures' and tables' captions – 11;
- Before the text it should be the annotation (5–6 lines) and 4-8 keywords;
- Literature citation in text should be presented as author name and year of publication in parentheses. For example, (Nazaruk, 2015);
- List of references is given at the end of abstracts (type size – 11) (see example below);
- Abstract should be saved as \*.rtf file. File name must contain the name of the first author (for example – Nazaruk\_tezy.rtf.).

### *An example:*

ZOOPLANKTON OF WATERS OBJECTS WITHIN THE WETLANDS OF  
RIVNENSKYI NATURE RESERVE

<sup>1</sup>Nazaruk K., <sup>2</sup>Mykitchak T., <sup>3</sup>Mateychyk V.

<sup>1</sup>Ivan Franko National University of Lviv, Lviv

<sup>2</sup>Institute of Ecology of Carpathians of National Academy of Sciences of Ukraine, Lviv

<sup>3</sup>Shatskyi National Nature Park, Shatsk

*e-mail: zoomus@franko.lviv.ua*

We examined features of zooplankton within wetlands of Rivnenskyi Nature Reserve. Totally we found 50 species of zooplankton. Among them the most dominated were cladocera – 23 species (46%), 9 species of copepods (18%) and 8 species of rotifers (16%). The average value of Shannon index is  $2,3 \pm 0,2$ . We also presented ecological characteristics of these species. We didn't found the classic ratio between ecological forms of zooplankton, when phytoplankton forms predominate over others, because of different types of researched waters. We determined that every researched water ecosystem has specific species composition of zooplankton.

Keywords: zooplankton, wetlands, marsh, Rivnenskyi Nature Reserve.

### **Payment for the participation in the conference**

|  | For Ukrainian participants | For foreigners |
|--|----------------------------|----------------|
| The cost of printing one page of materials (A4)                            | 120 UAH                    | 5 EUR          |
| Organization fee (includes handouts and coffee breaks)                     | 300 UAH                    | 30 EUR         |
| Organization fee for correspondence participants (includes postal charges) | 50 UAH                     | 5 EUR          |

- Payment for the participation in the conference, for the transportation to Shatsk Biogeographical station (by the university bus) and meals in the dining room of the station will be taken just before the conference. Any other meal and travel expenses have to be covered by participants themselves.

**In case of continuation of restrictions or prohibitions on holding public events in September, the Conference will be held remotely.**

*WELCOME TO LVIV SHATSK!*

**PLEASE DISSEMINATE THIS INFORMATION AMONG YOUR COLLEAGUES!**
